Title: PERSONALIZED FINANCIAL TRANSACTION CARDS AND METHODS

Amendments to the Claims

This listing of claims replaces all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A method of personalizing a stored value card, the method comprising:

opening a sticker booklet to view a group of stickers associated with the stored value card, the sticker booklet including a plurality of pages collectively supporting the group of stickers and being foldable between an open position and a closed position;

selecting a sticker from the group of stickers associated with the stored value card;

removing the selected sticker from the group of stickers; and

applying the selected sticker to the stored value card, to personalize the stored value card, wherein the stored value card is separate from the sticker booklet and includes an activation area linking the stored value card to one of a financial account or record, the activation area including at least one of a bar code, a magnetic strip, an electronic device, a radio frequency identification device, a card number, and an event number.

2. (Currently Amended) The method of claim 1, wherein the removing comprises removing the selected sticker from ~~a group of stickers~~ the sticker booklet supported by a substrate, the substrate also supporting the stored value card.

3. (Currently Amended) The method of claim 2, further comprising detaching a portion of the substrate that supports ~~the group of stickers~~ sticker booklet.

Amendment

Docket No.: T634.105.101

Title: PERSONALIZED FINANCIAL TRANSACTION CARDS AND METHODS

10 - 18. (Canceled)

19. (Currently Amended) A gift card assembly, comprising:

a substrate;

a gift card supported by the substrate, the gift card defining an activation area adapted for loading of the gift card with monetary value; and

a sticker group collectively provided on a plurality of panels, the plurality of panels being foldable relative to one another between an open configuration and a closed configuration and being supported by the substrate, the sticker group comprising stickers for physical application to the gift card, wherein at least two of the plurality of panels each include a portion of the stickers;

wherein the substrate defines an opening for display of the activation area.

20. (Canceled)

21. (Previously Presented) The assembly of claim 19, wherein the activation area includes a bar code.

22. (Original) The assembly of claim 19, wherein the substrate is a tri-fold substrate defining two fold lines.

23. (Original) The assembly of claim 19, wherein the substrate defines a detach line adapted to allow physical separation of a portion of the substrate supporting the sticker group from a remainder of the substrate.

Docket No.: T634,105.101

Title: PERSONALIZED FINANCIAL TRANSACTION CARDS AND METHODS

24. (Original) The assembly of claim 19, wherein the sticker group comprises a sticker booklet.

25. (Currently Amended) ~~The assembly of claim 19, A gift card assembly, comprising:~~

a substrate;

a gift card supported by the substrate, the gift card defining an activation area adapted for loading of the gift card with monetary value; and

a sticker group supported by the substrate, the sticker group comprising stickers for physical application to the gift card;

wherein the substrate defines an opening for display of the activation area, and

wherein the gift card is removably adhered to the substrate.

26. (Currently Amended) A financial transaction card package, comprising:

a backing;

a financial transaction card removably attached to the backing; and

a group of personalization messages supported by the backing, the personalization messages comprising an adhesion surface adapted for releasable connection to the backing and for adhesion to the financial transaction card, wherein the group of personalization messages comprises a sticker booklet which includes a plurality of panels, two or more of the plurality of panels supporting a portion of the group of personalization messages.

27. (Original) The package of claim 26, wherein the personalization messages include indicia congratulating a recipient of the financial transaction card.
